

Stoughton Public Library ~ Youth Services Librarian ~ Search Reopened

The Stoughton Public Library, Stoughton, WI is seeking a full-time (40 hours per week) professional Youth Services Librarian to oversee operations of the Youth Services Department, including programming, collection development, and outreach.

The successful candidate will supervise the department staff, using an integrative collaborative management approach and actively participate on the library management team.

The successful candidate will have the opportunity to schedule innovative and creative programming, teach the use of the public library as a lifelong resource, help staff excel in technological explorations, and consistently present the Stoughton Public Library and its resources to the public in a positive manner.

This job also includes the opportunity for teen programming, partnering with schools and the local youth center, grant writing, outreach via a wide variety of methods, and an opportunity to exercise creativity in traditional and technological library settings. The work includes some nights and weekends.
