

Lester Public Library of Vesper

Policies and Procedures

Mission of the Lester Public Library of Vesper

The mission of the Lester Public Library of Vesper is to provide quality information and technology resources to meet the educational, recreational, and lifelong learning needs of all community members.

Personnel Policy

Management Policy

The duly appointed library board shall have all management rights, authorities, and responsibilities as stated in Wisconsin Statutes, Chapter 43. The library board shall select, appoint, and when necessary for valid reasons, dismiss the director of the library. The board shall establish all other positions and all wage and benefit levels for all library staff. The library board shall provide an effective orientation for new directors to assure that the director understands a) the policies and processes related to the daily operation of the library, b) reporting and budgetary requirements that assure accountability and compliance with the law, c) the expectations of the board in regard to administrative processes and protocol, particularly as they relate to conducting effective and efficient board meetings, and d) rules and requirements for state certification and any assistance which is provided by the library to acquire and maintain appropriate certification. The library board shall conduct annual appraisals of the library director's performance, at which time personal and management goals can be discussed and negotiated.

Administrative Policy

The person appointed as library director shall be charged with the sole administration of the library. The director shall be responsible to the library board in matters pertaining to and concerning the library; be present at monthly board meetings and prepare and present such reports and meeting documents as requested. The director shall maintain financial records in an efficient manner; present periodic reports to the library board and to the municipal governing body; prepare the draft of the annual budget to be presented to the library board, and assist trustees with presentation of the adopted request for appropriation to the municipal governing body. The director shall hold regular meetings with staff and/or volunteers for training and interpreting board policy. The director will be responsible for preparing annual performance assessments for library staff and volunteers. The director shall have the responsibility for overseeing collection development for all materials in the library; this includes selection, ordering, processing, weeding, and inventory of the collections according to the guidelines in the policy. The director will recommend changes in or additions to library policies as needed. The director will perform preparatory work to assist the board with

regular library planning.

Salaries

Job descriptions and a salary schedule is decided and implemented by the library board. The plan is subject to regular revision so that it will remain equitable for both the library and the staff.

Health Insurance Policy

No health insurance benefits are offered.

Vacation Policy

The director and library staff may request a reasonable amount of time off and as long as enough notice was given to plan for other staff to cover. Staff may trade days worked if both parties are in agreement. The director and library staff do not receive paid vacation time.

Holiday Policy

The director and library staff will not receive pay for hours of work missed because of holiday closings and hours lost may not be made up unless approved by director. The director and library staff do not receive a higher wage ("holiday pay") when working on a holiday.

Sick Leave / Call in Time

If the director or library staff can not work their scheduled hours they should try to find a replacement to cover their hours and then contact the director. If no replacement can be found, call the director. The director and library staff do not receive paid sick / call in leave.

Leave of Absence

Leaves of absence without pay may be granted to library employees for maternity, adoption, illness, travel, or graduate or certification training. All leaves are considered on a case-by-case basis and must be approved by the director. A leave of absence for the director must be approved by the library board. Requests for leave should be submitted in writing well in advance of the time when the leave is to begin. Written requests should indicate both a beginning and ending date for the leave. In some instances it may be necessary to deny requests for leaves of absence. Leaves are a privilege and can be granted only if the best interests of the library can be maintained.

Bereavement Leave

Library employees are eligible for three (3) days bereavement leave with loss of pay in the event of the death in the immediate family, defined as spouse, children, brother, sister, or parents of either the employee or the employee's spouse. Library employees are eligible for one (1) day bereavement leave with loss of pay in the event of the death in the extended family, defined as grandparents, great grandparents, uncle, aunt, nieces, and nephews of either the employee or the

employee's spouse. If more time is needed, a leave of absence must be requested and approved.

Military Leave

Library employees who are duly enrolled members of the National Guard, State Guard, or any other organized reserve component of the Armed Forces of the United States shall be allowed a military leave of absence which has been ordered. A copy of the order requiring attendance at military training sites shall accompany all requests for a military leave. The library can assure no loss of wages if the employee wishes to turn all earnings from the training period into the library board.

Jury Duty

In the event a library employee is called for jury duty, the library will release them and assure no loss of wages. If fees and expenses paid to jurors do not equal or exceed wages normally paid by the library, these fees can be turned in to the library board and the employee will be paid their wages as usual.

Work Schedule Policy

Major changes in the director's schedule or other circumstances may not be made without approval of the library board. Requests for such shall be made in writing to the library board. Requests for changes in the work schedule of other staff or volunteers shall be made in writing to the library director.

Meetings, Conventions, and Workshops

The director, staff and trustees attending continuing education opportunities to aid the library shall be allowed expenses at the discretion of the library board according to the amount appropriated in budget for such. The director, staff and trustees are encouraged to attend and participate in continuing education activities. The director will participate in continuing education requirements for certification. Cost of tuition, mileage (at current state reimbursement rates) and a meal up to \$10.00 if needed will be reimbursed if the training is applied towards the total continuing education hours needed to maintain certification or for improving library operations. The director is encouraged to first consider applying for continuing education grants and take advantage of free training offered before submitting reimbursement for participating.

Disciplinary Policy

An employee of the Lester Public Library of Vesper may be dismissed for any action or behavior that causes the library's image or operation to be diminished. This includes but is not limited to: incompetence, misconduct, inattention to assigned duties, or unapproved absences from work. Normally termination would be a final step which would follow:

- substandard performance appraisal,

- verbal and/or written warnings,
- suspension, and/or
- extended probation.

It is important that complete and clear records be maintained of all disciplinary processes for the protection of the employee and the library. The library wants each employee to be successful in his/her job and will work with employees to eliminate deficiencies. While notice of intent to terminate can be expected, the Lester Public Library of Vesper reserves the right to dismiss an employee without notice in cases involving theft, drug or alcohol abuse, criminal activity, or in instances of significant misconduct.

Resignation and Retirement Policy

A library employee wishing to resign or retire from employment must notify the director or the library board as soon as practicable. The library requests a minimum notice of two weeks. For the library director a notice of at least one month is preferred. The employee must submit a formal, written resignation statement giving the exact date that employment is to be terminated. Between the time of notice and the time when employment ends a final performance appraisal will be conducted.

Grievance Procedure

It is the intent of the Lester Public Library of Vesper that every employee shall have the opportunity to express concerns relating to the physical surroundings in which the employee works, procedures and conditions of the specific position, relationships with fellow workers or supervisors, and library rules as they apply to staff. A concern or grievance should follow the procedure below:

- If possible, discuss the problem with the director. In the case of the director having or being the concern, this should be discussed with the board president.
- If the director is part of the problem, or if the board president is part of the director's problem, the concern/grievance should be submitted in writing for the library board and be delivered to the director, who will deliver the statement to the board president. The board president will, in turn, present the concern, during closed session, to the full board at the next or a special board meeting.
- The board's representative will respond to the employee within five (5) days of the board meeting at which the issue is discussed, either providing a determination, solution, or a strategy for how the board will address the issue over time.

Equal Opportunity Employment Policy

It is the policy of the Lester Public Library of Vesper to provide an equal employment opportunity for all qualified and trainable persons. Equal employment opportunity shall be according to the provisions of State and Federal laws and regulations.

Drug-Free Workplace Policy

In compliance with the Drug-Free Workplace Act of 1988, the unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance is prohibited while performing work for the Lester Public Library of Vesper, whether that work is carried out in the workplace building or not. All employees shall abide, as a condition of employment, by the terms of this notice and shall notify the library director or board within five (5) days of any criminal drug statute conviction for a violation occurring in the workplace. Failure to comply with the above requirements shall be grounds for appropriate personnel action against such employee up to and including termination or such employee may be required to satisfactorily participate in a drug abuse assistance or rehabilitation program.

Sexual Harassment Policy

Harassment on the basis of sex is a violation of Title VII (federal law) and Statute 111.36(b) (state law). Sexual harassment, either verbal or physical, is an unlawful employment practice and will not be tolerated by the Lester Public Library of Vesper. The Lester Public Library of Vesper accepts and adheres to all definitions and procedures outlined in the law as regards to sexual harassment. Any employee who engages in sexual harassment will subject themselves to disciplinary action up to and including discharge.

Public Relations Policy

Public relations goals of the Lester Public Library of Vesper are:

- to promote a good understanding of the Library's objectives and services among governing officials, civic leaders, and the general public;
- to promote active participation in the varied services offered by the library to people of all ages.

The Board recognizes that public relations involve every person who has a connection with the library. The Board urges its own members and every staff member to realize that he or she represents the library in every public contact. Good service supports good public relations. The director will be expected to make presentations and to participate in community activities to promote library services. A reasonable amount of library time will be allowed for preparation and speaking. Materials to be used by press, radio, or television will be approved by the director. The Board will include in the library's annual budget costs related to printing, publication, supplies, and miscellaneous needs related to the public relations effort.

Disaster Policy Tornado & Severe Weather Policy

Upon the instance that library staff receives a severe weather or tornado WARNING they shall notify all customers in the library. All activities thus alerted shall make preparations for evacuation to the "Tornado Safety Area" in the back hallway. All activities will be prepared for power outages by having a working flashlight located at the circulation desk. The library staff shall advise all library visitors of the

WARNING and request them to take refuge in the "Tornado Safety Area" located in the back hallway. The library will be checked to ascertain that all persons remaining in the building have moved to the evacuation area. Upon the sounding of the WARNING siren or at the direction of the library staff, all library employees shall immediately take refuge in the "Tornado Safety Area". The library staff shall take an electronic device that has the ability to continue to monitor the situation in the "Tornado Safety Area". The library staff will notify persons in the "Tornado Safety Area" when the warning has been cancelled or has expired. If the library staff want or need to, they can close the library (as long as there isn't a customer in the library that has no place to go) and go home if that is a safer place to be and there is time to get there before a tornado is projected to hit.

Health Emergencies

Staff members should exercise caution when administering first aid of even a minor nature because of the safety of the injured individual and the potential liability of the staff member. Without specialized training it is not advisable for staff to undertake more than keeping the sick or injured patron comfortable and protected from needless disturbance until medical help can be obtained. Since each case is unique, staff members should use their own judgment to do what is prudent and reasonable. The Rescue Squad/Police (911) should be called immediately in the event of any serious problem. No medication, including aspirin, should ever be dispensed to the public.

Bomb threats

Keep the caller on the line as long as possible. Ask the caller to repeat the message and try to write down every word spoken by the person. If the caller does not indicate the location of the bomb or the time of possible detonation, ASK FOR THIS INFORMATION. Pay particular attention to peculiar background noises such as motors running, background music and any other sounds which may indicate where the location from which the call is originating. Listen closely to the voice (male, female), voice quality (calm, excited), accents and speech impediments. Immediately after the caller hangs up, call the police. Clear the building. The police will handle the actual bomb search.

Fire Alarm and Evacuation Procedures

The following procedures should be followed in the event of a fire or an activated fire alarm at the Lester Public Library of Vesper. If You Discover Smoke or Fire

- Do NOT attempt to combat the fire unless you are trained in fire extinguisher use and fire is very small in size.
- Tell everyone inside library to please exit immediately.
- Call 911. Supply the following information:
 - type of emergency (flames, smoke, odor, etc.)
 - the location of the fire or smoke in the building

- your name
 - The library's street address (6550 Virginia St, Vesper)
 - Exit the building using the closest exit and go to the designated gathering place by the stop sign on corner of Cameron Ave. and Virginia St. Shut – but do not lock – all doors that you pass through. This will help contain the fire. If the fire occurs when director is not present or outside of normal business hours, use the emergency phone contacts to also notify at least one of the following people:
- Director: Andrea Halbersma, 715-569-4118, 715-451-0771
 - Board President: Andrea Pecher, 715-569-4734
 - Library Assistant I: Jeanette Shirek, 715-569-4385
 - Village President: Dan Scheunemann, 715-569-4777

Alarm Locations and Procedures

A Smoke Detector is located above the back hall and in entryway. Alarm triggers automatically when smoke is detected. The alarm is loud. Patrons will be aware of an emergency but should still be told to leave.

Evacuation Procedures

Library employees should notify all patrons and other staff in their immediate vicinity that all occupants must leave the building. When evacuating direct patrons to evacuate using either exit; whichever is closest. Library staff should do a fast sweep of the library but not search the library for patrons before evacuating the building themselves. If a patron refuses to leave the building, the staff should continue with evacuation procedures. Call 911 to inform emergency personnel of the location of people remaining inside the building. Emergency personnel are responsible for checking all locations in the building for people who did not evacuate. Safely evacuating patrons is NOT staff responsibility.

- Do NOT remain in the building for any reason.
- Do NOT open a door that is hot to the touch (use the back of your hand to test the temperature of the door.) Find another way out of the building if the door is hot.
- Exit the building using either exit.
- Keep the lights on to provide additional visibility for emergency personnel.
- Close any doors that you pass; this will help contain the fire.
- Go outside the building and congregate by the stop sign on the corner of Virginia St. and Cameron Ave. Remain there until your safety is verified by library staff. You MUST leave the library regardless of weather conditions or perceived lack of danger.
- Help defray confusion by informing the people in charge of the whereabouts of your colleagues and patrons. Were they at work at the time of the emergency? Did

you see someone still in the building as you evacuated?

- Once you have evacuated the building, stay clear of entrances to provide access for emergency personnel.

People with Disabilities

People with disabilities should use the exit closest to them. If they are unable to evacuate the building without assistance they should go to door and wait for help to arrive. The person(s) with disabilities should wait by the door for library staff or emergency personnel to assist him/her with evacuation, if necessary. Inform emergency personnel and other library staff of the presence and location of a person with disabilities if you are unable to assist them.

Emergency Response - Staff at the Main Entrance

A library staff member will remain in front (but not inside) of the library to serve as contacts for emergency personnel and to inform patrons not to enter the building. The Fire Department will announce when it is safe to re-enter the building. They will be responsible for turning off the fire alarm. If the fire alarm or emergency continues after the library's regular closing time, the library staff in charge will determine which employees will remain until it is safe to re-enter the building and lock up.

Reference Service Policy

The Lester Public Library of Vesper:

- will provide information in the form of short answers to specific questions and guidance in locating material for patrons who appear in person, call on the telephone, or request information through correspondence;
- will assist patrons in the use of the library and teach basic research methodology, when appropriate (this includes providing help in developing a research strategy and advice on whether a trip to the library would be worthwhile for individuals who telephone);
- will provide bibliographic verification of items both in the library and not owned by the library and will assist patrons in obtaining materials through interlibrary loan, when appropriate;
- may refer library users to other agencies and libraries in pursuit of needed information;
- may use not only the library's resources in printed form, but consult appropriate digital resources as well as the regional resource library and other agencies by telephone in pursuit of "ready reference" information.

Programming Policy

A "program" is a planned interaction between the library staff and the program participants for the purpose of promoting library materials, facilities, or services, as

well as offering the community an informational, entertaining, or cultural experience. Programming includes such activities as storytimes, films and activities on no-school days, summer library program for children, speakers for young adults and adults, craft times and book or author discussion groups. The board, in conjunction with the library director, will include funds in the library's annual budget and set goals for programming to facilitate the effective implementation of this service.

Materials Selection/Collection Development Policy

Objectives

The purpose of the Lester Public Library of Vesper is to provide all individuals in the community with carefully selected books and other materials to aid the individual in the pursuit of education, information, research, pleasure, and the creative use of leisure time. Because of the volume of publishing, as well as the limitations of budget and space, the library must have a selection policy with which to meet community interests and needs. The materials selection/collection development policy is used by the library staff in the selection of materials and also serves to acquaint the general public with the principles of selection. The Library Bill of Rights and The Freedom to Read Statement have been endorsed by the Lester Public Library of Vesper Board of Trustees and are integral parts of the policy. The materials selection/collection development policy, like all other policies, will be reviewed and/or revised as the need arises. Responsibility for Selection The ultimate responsibility for selection of library materials rests with the library director who operates within the framework of the policies determined by the Lester Public Library of Vesper Board of Trustees. This responsibility may be shared with other members of the library staff; however, because the director must be available to answer to the library board and the general public for actual selections made, the director has the authority to reject or select any item contrary to the recommendations of the staff.

Criteria for Selection

The main points considered in the selection of materials are:

- individual merit of each item
- popular appeal/demand suitability of material for the clientele
- existing library holdings
- budget

Reviews are a major source of information about new materials. The primary sources of reviews are Amazon, Best Seller Lists, Publisher Weekly, and Book Award Lists.

The lack of a review or an unfavorable review shall not be the sole reason for rejecting a title which is in demand. Consideration is, therefore, given to requests from library patrons and books discussed on public media. Materials are judged on

the basis of the work as a whole, not on a part taken out of context.

Interlibrary Loan

Because of limited budget and space, the library cannot provide all materials that are requested. Therefore, interlibrary loan is used to obtain from other libraries those materials that are beyond the scope of this library's collection. An Interlibrary Loan (ILL) or Outer Library Loan (OLL) request is a process in which the library staff will search for a desired item that we do not currently have and is 6 months past publishing date in our library system using linkcat from the South Central Library System and/or within the state of Wisconsin using the Outer Library Loan system ILLiad if needed. In return for utilizing interlibrary loan to satisfy the needs of our patrons, the Lester Public Library of Vesper agrees to lend its materials to other libraries through the same interlibrary loan network, and to make an effort to have its current holdings listed in a tool that is accessible by other libraries throughout the state.

Gifts and Donations

The library accepts gifts of books and other materials with the understanding that they will be added to the collection only if appropriate and needed. If they are not needed because of duplication, condition, or dated information the director can dispose of them as he/she sees fit. The same criteria of selection which are applied to purchased materials are applied to gifts. Memorial gifts of books or money are also accepted with suitable bookplates placed in the book. Specific memorial books can be ordered for the library on request of a patron if the request meets the criteria established by the Board. It is desirable for gifts of or for specific titles to be offered after consultation with the library director. Book selection will be made by the director if no specific book is requested. The Lester Public Library of Vesper encourages and appreciates gifts and donations. By law, the library is not allowed to appraise the value of donated materials, though it can provide an acknowledgment of receipt of the items if requested by the donor.

Weeding

An up-to-date, attractive and useful collection is maintained through a continual withdrawal and replacement process. Replacement of worn volumes is dependent upon current demand, usefulness, more recent acquisitions, and availability of newer editions. This ongoing process of weeding is the responsibility of the library director and is authorized by the Board of Trustees. Withdrawn materials will be handled in a similar manner and under the same authority as donated materials.

Potential Problems or Challenges

The Lester Public Library of Vesper recognizes that some materials are controversial and that any given item may offend some patrons. Selection of materials will not be made on the basis of anticipated approval or disapproval, but solely on the basis of the principles stated in this policy. Responsibility of what

children read rests with their parents or legal guardians. Selection of library materials will not be inhibited because of the possibility that materials may come into the possession of children. Library materials will not be marked or identified inappropriately to show approval or disapproval of their contents, and no library material will be sequestered except to protect it from damage or theft.

Challenged Materials

Although materials are carefully selected, there can arise differences of opinion regarding suitable materials. Patrons requesting that a material be withdrawn from or restricted within the collection may complete a "Statement of Concern: Library Resources" form which is available in the library. The inquiry will be placed on the agenda of the next regular meeting of the Lester Public Library of Vesper Board of Trustees.

Who May Use the Library

The library will serve all residents of the community and the public library system area. Service will not be denied or abridged because of religious, racial, social, economic, or political status; or because of mental, emotional, or physical condition; age; or sexual orientation. The use of the library may be denied for due cause. Such cause may be failure to return library materials or to pay penalties, destruction of library property, disturbance of other patrons, or any other illegal, disruptive, or objectionable conduct on library premises.

Patron Responsibilities and Conduct

It is a patron's responsibility to maintain necessary and proper standards of behavior in order to protect his/her individual rights and the rights and privileges of other patrons. If a patron creates a public nuisance, that patron may be restricted from the library and from the use of the library facilities. Those who are unwilling to leave or do not leave within a reasonable amount of time, after being instructed to do so by the staff, will be subject to the law. Some offensive behaviors are minor occurrences, some are extreme, it is the judgment call of library staff which decides between the two options. In the case of a minor disruption, the patron will receive two (2) verbal warnings. At the time of a third offense (3), the patron is asked to leave the library for the rest of the day. For an extreme disruption, one (1) warning will be given, followed by a request to leave the library building on the patron's own accord or under police escort.

Large bundles or personal possessions: the library reserves the right for staff to inspect all bags, briefcases, backpacks, containers, books and any similar items that are brought into the library.

Young Children

The Lester Public Library of Vesper encourages visits by young children and it is our desire to make these important visits memorable, enjoyable and safe for the child. The library staff are not responsible for the safety, care or supervision of minors of

any age at any time, whether in the library, on library premises or during library programs. Therefore, it is library policy that all children under age 8 (eight) must be in the immediate vicinity and in visual contact of a designated caregiver age 12 (twelve) or older while in the library. Also, if the young child is attending a library program, we require the caregiver to remain with the child throughout the program. If a child under the age of 8 (eight) is found unattended, library staff will attempt to locate the caregiver in the library and inform him/her of our policies. If a caregiver cannot be found or any attempt at reaching a caregiver is unsuccessful the Wood County Sheriff's department will be called for assistance. Staff will document and date the incident in the staff communication notebook, also notifying the director. The parent(s) or guardian(s) of a child under the age of 12 (twelve) who is unattended at the library needs to have a current patron account at the library so library staff can contact a parent/guardian if any reason or need arises. Furthermore, if a child age 8 (eight) or older is not able to leave the library on his/her own, then he/she should not be in the library on his/her own without a caregiver.

Children under the age of 12 (twelve) who are left unattended and/or do not have transportation home 5 minutes before closing time will be asked for telephone numbers of people who can pick them up at the library. Calls then will be made in an attempt to ensure the child's safety. Staff will then document and date the incident in the staff communication notebook. If a caregiver cannot be reached and/or does not arrive within 10 minutes after closing time, the Wood County Sheriff's department will be called for assistance. Library staff are required to stay with children until they are picked up or authorities arrive and tell staff they are free to go. Staff will document and date the incident in the staff communication notebook and also notify the director.

Children's Behavioral Expectations

Children of all ages are encouraged to use the library. The library staff realizes that the library will be noisier at busy times and that children by nature can cause more commotion. However, children (whether with a parent/caregiver or not) who are being continually disruptive will be given a warning that he/she must settle down or will be asked to leave the library. This may include, but is not limited to, behavior such as: rough housing, vulgar and/or profane language, yelling, disobeying the reasonable direction of library staff, misusing of library property, etc. If, after a second warning, the child continues to be disruptive, he/she will be asked to leave the library. If the child needs to contact a parent/caregiver, they may do so and then wait with a staff person until the parent/caregiver arrives. Staff then will document and date the incident in the staff communication notebook so all staff will be aware of the situation.

Adopted by the Lester Public Library of Vesper Library Board on April 8, 2019

A child that resides in two households may hold one Library Card. The parent or guardian of the household of primary residence provides address verification.

Borrowing Restrictions for Minor Children

The Lester Public Library of Vesper does not restrict access to the material in its collection based on the age of the borrower. According to Wisconsin State Standards it is the responsibility of the parent or guardian to monitor the selection of materials of his or her minor children. The parent may request that the Lester Public Library of Vesper restrict borrowing on a minor's library card to particular area of the library (children's department, teen/YA room) or rating categories on videos: Unrated Children, G, PG, PG-13, R or Unrated, by filling out a Borrow Restriction for Minors form. Please ask for this form at the circulation desk.

Holds

A hold is a process in which the library will not allow an item to be renewed by the current borrower, the patron to which the item is currently checked out to will not be notified of the request, but will not be able to renew it.

Placing a Hold Request

Patrons may request a hold for any item that is not on the shelf and whose status in the library's catalog, KOHA, is listed as checked out. To request a Hold, patrons are asked to speak to a staff member of the Lester Public Library of Vesper or patrons who have set up their own account using the library's catalog online may also place holds on items themselves using their patron account. Privacy Policy Statement

The Lester Public Library of Vesper champions the protection of personal privacy. Protecting library user privacy and keeping confidential information that identifies individuals or associates individuals with their use of library books, materials, equipment, programs, facilities, and/or staff assistance is an integral principle of the library. This policy affirms the library's commitment to privacy, explains the information that the library collects, and alerts visitors to library facilities and users of remotely accessed library services to the privacy choices they face. The library will keep all such information that it purposefully or inadvertently collects or maintains confidential to the fullest extent permitted by federal, state and local law, including the USA PATRIOT Act. Protection of confidentiality extends to information sought or received, and materials consulted, borrowed, and received. Protection of confidentiality includes database search records, circulation records, interlibrary loan records, and other personally identifiable uses of library materials, facilities or services. The library does not collect personal information about a library user when a user visits the library's website, registers for a program, or registers for a library card unless the user authorizes the library to have that information. The user has the option to participate or not participate.

Any information the library user chooses to provide will be used only to provide or improve library services, such as information gathered through voluntary library user surveys. The library protects library user account information by placing it on a secure server.

Staff responsibility

When linked with a person's name; library registration, circulation information, materials usage and service usage are confidential. Employees have a legal responsibility not to reveal information about our patrons or their use of the library and should access patron information only when it is necessary to complete their job responsibilities. Patron's registration, circulation details, or materials and service usage must never be discussed with any individual except when needed in the performance of one's job. Such information should never be discussed with anyone outside the library. Gossip and careless remarks regarding a patron's uses of the library, in or out of the library, are violations of trust and the library's confidentiality policy. Such violations may be cause for immediate dismissal,

regardless of position or length of service.

Requests for information

The normal reply to any request for patron information or materials and service usage, outside the described above should be that this information is confidential. If the requester is persistent, please refer to the library director. All requests from law enforcement personnel should be referred to the director.

Internet Acceptable Use Purpose and Disclaimer

The Lester Public Library of Vesper provides access to a broad range of information resources, including those available through the Internet. The library makes these services available as part of its mission to provide quality information and technology resources to meet the educational, recreational and lifelong learning needs of all community residents. The Internet offers access to ideas, information, and commentary from around the world that can be personally, professionally, and culturally enriching. However, not all resources on the Internet are accurate, complete, or up-to-date. The Lester Public Library of Vesper assumes responsibility only for the information provided on its home page. The Library Board, Director, and staff do not monitor, have no control over, and do not accept responsibility for material in other sources on the Internet.

Responsibilities of Users

In choosing and evaluating Internet sources, users should evaluate them just as they do print materials, questioning the accuracy and completeness of the information. Users must search the Internet at their own risk, realizing that beyond the library's home page and supporting documents they may encounter material they find offensive. In supervising children's use of the Internet, parents or legal guardians must assume responsibility for deciding what materials are appropriate for their children. The Lester Public Library of Vesper – unlike schools – does not serve in loco parentis. Library staff cannot act in the place of parents in providing constant care and supervision of children as they explore the Internet.

General Guidelines

All users of the Internet via the library's public workstations must have a current individual library card in good standing.

Users of the Internet are responsible for all copyright compliance in accordance with the U.S. Copyright law (Title 17 US Code). All consequences of copyright infringement lie with the user. The Lester Public Library of Vesper expressly disclaims any liability or responsibility resulting from such use. In order to insure that all patrons have equal access to its public workstations, the Lester Public Library of Vesper has set a maximum of 60 minutes per day per patron, on a first come, first serve basis. If there is no patron waiting for service at the end of the 60 minutes, the user may extend their time. Because they are not relying on the library's public workstations, patrons who provide their own wireless-enabled

devices for Internet access are not held to these time limitations. Persons who use the Library's public workstations assume responsibility for the software during their use. Files may not be saved to a library computer's hard drive. The Lester Public Library of Vesper assumes no responsibility for execution of malware and/or damages—direct or indirect—to a user's data, devices, drives, discs, files, and breaches of information arising from the use of the library's computers or the library's wireless connection. Visitors and other non-residents are allowed access to the library's computers.

Wireless Internet Access

Wireless Internet access is a free public service provided by the Lester Public Library of Vesper for its patrons and the larger community. Users may request the password to log onto our wireless access. Patrons are responsible for knowing how to configure their own equipment for wireless access.

Unacceptable Internet Use

Users of all ages must abide by the following restrictions. A patron accessing the Internet at the Lester Public Library of Vesper may use the Internet only for legal purposes, whether accessing it from the library's public workstations or using the library's wireless network with his / her own wireless-enabled mobile device. These restrictions also apply to e-mail environments accessed through the library's public workstations or the library's wireless network. Unacceptable uses include - but are not limited to - the following:

- Transmitting of threatening or harassing materials
- Libeling, slandering or maliciously offending other users
- Misrepresenting oneself as another user
- Attempting to modify or gain access to files, passwords, or data belonging to others
- Attempting to crash, degrade the performance of, or gain unauthorized access to the library's computer systems and networks
- Modifying or damaging equipment, software, or data belonging to the library or other users
- Exposing children to harmful materials. Sec. 948.11 of the Wisconsin Statutes, among other things, makes it a crime to expose children to pictures or images of nudity, sexually explicit conduct, or physical torture or brutality that appeal to the prurient, shameful or morbid interests of children, are patently offensive to prevailing adult standards regarding materials suitable for children, or lack serious literary, artistic, political, scientific or educational value for children.

The Lester Public Library of Vesper reserves the right to terminate a patron's Internet session if a staff member observes any behavior which he / she judges to be in conflict with any part of this policy, inappropriate for a library setting, or in

other ways disruptive to library services. If an individual or group of Internet users creates a disturbance that limits the effective use of the library by others, they will be asked to correct their behavior, disband, and / or leave the building. Violations may result in loss of Internet or library privileges. Illegal use of the library's public workstations will be subject to prosecution by local, state, or federal authorities.

For example, library records may be subject to disclosure to law enforcement officials under provisions of the Uniting and Strengthening America by Providing Appropriate Tools Required to Intercept and Obstruct Terrorism Act (USA PATRIOT Act) and librarians may under some circumstances be forbidden from disclosing that certain records have been requested or obtained.

Members of the public may be mentioned by name on the website, for example, in public meeting agendas and minutes, library event descriptions or photos, as bidders on public projects or as contributors to Web page content. If identified at all, children are mentioned by first name or name of school/group only.

Some Library electronic services, such as the library catalog and remote databases, place temporary cookies for current sessions. Children's Privacy

The library is very concerned about the issue of children's privacy. We ask all children using services on our website or on websites affiliated with the library to limit the amount of personal information they provide. We do not ask for more personal information from children than is necessary to participate in the activity in question.

We encourage all parents and guardians to learn about their children's online activities and to join in their children's exploration of the Internet. We also encourage parents and caregivers to tell their children about the importance of not revealing personal information online and asking for permission before giving their last name or personal information to any website. We want to help parents and guardians make sure that their children have a safe and fun online experience.
